The Associate in Technical Arts (ATA) in Multimedia Production: Web Design is for students interested in becoming Internet web designers. Students study drawing, illustration, design, photography, video, audio, web design, and graphic arts while building computer skills leading to the production of several comprehensive interactive multimedia web site projects. Students learn how to work with clients and agencies and also develop a personal portfolio of their work by the end of the second year. The primary focus of the degree is job preparation, though a number of the courses within the degree are transferable.

Courses are connected to and articulated with high schools via Tech Prep credit. If your school district is listed below, contact your counselor for information on earning Tech Prep credit.

- Everett School District
- Mukilteo School District
- Granite Falls School District
- Snohomish School District
- Lake Stevens School District
- South Whidbey School District
- WA Virtual Academy

Students who have earned a high school diploma or GED or students over the age of 18 may apply to Everett Community College online. Alternative options are listed below. Remember,

Students may receive multiple degrees or certificates by combining the course requirements, thereby improving career options. To add some related and specialized skills, additional sequences of courses in the following areas can be arranged: studio art, photography, programming and networking, and small business management.

Job titles include Webmaster, Web Designer, Web Developer, Graphic Designer, Graphic Artist, Animator, Creative Director, Illustrator.

Students are also encouraged to explore options through the Everett University Center.

The Evergreen State College has approved the ATA as an Upside Down Degree. Students are also encouraged to explore options.
